I understand that:

1. Rusk County Electric Cooperative, Inc. and Contractor crews use due care when they enter my property to construct, upgrade, or repair electrical distribution lines.
2. Heavy trucks and equipment may leave ruts on my property when RCEC crews and Contractor crews work during or after wet weather conditions, or other wet conditions caused by septic system leaks, by my watering the yard, or by other things I may do.
3. If trees are cut down or trimmed near member's service lines and power lines on my property (green trees, dead trees or leaning trees) at my request, that it will be my responsibility to remove the trees and debris. Furthermore, if the trees are cut or trimmed by RCEC crews or Right-of-Way contractor as part of our normal Right-of-Way maintenance, the debris will be removed from my property unless some other arrangements have been made between the Cooperative and the property owner.

Thus, to provide me the service I request, I hereby release Rusk County Electric Cooperative, Inc. and Contractor crews from damages occurring to my property because of wet conditions.
